**REQUEST UNDER 37 C.F.R. §1.181 TO WITHDRAW THE HOLDING  
OF ABANDONMENT OF THE ABOVE-REFERENCED APPLICATION**

MS Non Fee Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

A review of the Patent Application Information Retrieval System (PAIR) reveals that a Notice of Allowance was mailed on November 4, 2003. Based on the non-receipt of the Notice of Allowance which set a date of February 4, 2004 upon which to pay the Issue Fee, Applicant respectfully asserts that for the following reasons, the Withdrawing of the Holding of Abandonment is in order.

1. A Final Office Action was mailed to the office of the undersigned on August 14, 2003, indicating that claims 15-20 were allowed. A copy of the Final Office Action is enclosed as **Exhibit A**.

2. In response to the Final Office Action, Applicant prepared and filed an After Final Response on September 30, 2003, where all finally rejected claims were cancelled from the application. A copy of the After Final Response is enclosed as **Exhibit B**. Also enclosed as

**Exhibit C** is a copy of Applicant's postcard indicating that the After Final Amendment was received on September 30, 2003. A search of the PAIR system indicates that a Notice of Allowance was mailed on November 4, 2003, theoretically setting a date for payment of the Issue Fee of February 4, 2004. A copy of the PAIR page for the above-referenced application is enclosed as **Exhibit D**.

3. To date, Applicant has not received a copy of the Notice of Allowance. A check of the records indicates that the correspondence address that is on record with the Patent and Trademark Office is the present address of the undersigned.

4. As a result of non-receipt of the Notice of Allowance, the above-referenced application became technically abandoned as of February 4, 2004, for failure to pay the required Issue Fee.

A search of the file jacket and docket records indicates that the Notice of Allowance was not received. Non-receipt of this Notice is evidenced by non-entry of the Notice in the Incoming Docketing Book (IDB) (Exhibit E). Had the Notice been received at the undersigned's office it would have been entered in the IDB on the page corresponding to February 4, 2004. **Exhibit E** is a true copy of the IDB for February 4, 2004, with client names and numbers redacted. U.S. patent application serial numbers and client matter numbers are clearly readable and as evidenced by Exhibit E, there is no entry for the present application (Serial No. 09/767,955) or its corresponding Client Matter No. 03158/000J019-US0.

Based on the foregoing, Applicant respectfully maintains that the mailing system suffered a lapse by which the timely and guaranteed receipt of mail was disrupted. Based on this, Applicant has been deprived of a full and fair opportunity to respond by paying the required issue fee on or before the February 4, 2004 date. Applicant respectfully maintains that the establishment of a new statutory period for responding to the Notice of Allowance and Issue Fee due is in order, and a notice to this effect is respectfully solicited.

In view of the foregoing remarks, this application should be in condition for allowance. Early passage of this case to issue is respectfully requested. However, if there are any questions

regarding this Response, or the application in general, a telephone call to the undersigned would be appreciated since this would expedite the prosecution of the application for all concerned.

Dated: March 15, 2004

Respectfully submitted,

**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

2. The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) do not apply to the examination of this application as the application being examined was not (1) filed on or after November 29, 2000, or (2) voluntarily published under 35 U.S.C. 122(b). Therefore, this application is examined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).
3. Claims 1,5,6,7,11-14 is rejected under 35 U.S.C. 102(e) as being anticipated by Suzuki et al., (U.S. Patent No. 5,771,030).

As per claim 1, Suzuki shows an auto-improving display flicker method Detecting the display flicker level and producing a detection voltage; comparing the detection voltage with a predetermined voltage and automatically switching to a predetermined display flicker processing technique if the detection voltage is greater than the predetermined voltage (In abstract and In col.4 and 5) and a comparator for comparing the detection voltage with a predetermined voltage and outputting a switch control signal when the detection voltage value is greater

Art Unit: 2673

than the predetermined voltage value (In Fig.1) and video and timing control unit for switching the switch control signal into a predetermined display flicker processing (In fig.1 element 28)

As per claims 5,14 Suzuki shows a liquid crystal display is selected as the display (In Col.3 lines 50-64).

As per claim 7,Suzuki shows a band pass filter and a rectifier (In fig.1).

As per claims 11-13 Suzuki shows voltage is inputted by an adjustable device, which is an n active device, and passive device (In fig.1).

#### ***Allowable Subject Matter***

Claims 15-20 are allowed.

#### ***Response to Arguments***

Applicant's arguments filed on 06/02/2003 have been fully considered but they are not persuasive. Examiner would like to point out the broad based limitation as claimed in independent claims and rejected with prior art.

#### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

## Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

### Section 1.18 Patent post allowance (including issue) fees.

- (a) Issue fee for issuing each original or reissue patent, except a design or plant patent:
- By a small entity (Sec. 1.27(a))..... \$665.00
  - By other than a small entity..... \$1,330.00
- (b) Issue fee for issuing a design patent:
- By a small entity (Sec. 1.27(a))..... \$240.00
  - By other than a small entity..... \$480.00
- (c) Issue fee for issuing a plant patent:
- By a small entity (Sec. 1.27(a))..... \$320.00
  - By other than a small entity..... \$640.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.
